4) Under the Economy Order, leave for more than two months is not ordinarily admissible. Granting leave for 5 months is, in the circumstances, itself a concession. This may, however, be sanctioned as a special case, subject to the Comptroller certifying that it is at his credit.

The payment of Passage and Travelling allowance to the officer going on leave for the reasons mentioned by him or for any other reasons is not financially acceptable. The case of Dr. Robinson (File No. C.B.60-1932) wherein T.A. for his journeys during leave in the West was refused is somewhat similar.

5) In the reasons given in the J.S's letter I am in favour of sanctioning the leave applied — which is really in the interests of the Medical Dept.

The concessions recommended are not unreasonable. I think Mr Narayana Rao may be allowed (1) Single 1st class fare to/from Bombay (or the sailing embarkation) (2) Return 1st class passage

Leave to Mr. B.K. Narayana Rao, Superintendent, Minto Ophthalmic Hospital, Bangalore, to enable him to visit foreign countries and the grant of certain concessions in that connection.

Mr. B.K. Narayana Rao, Superintendent, Minto Ophthalmic Hospital, Bangalore, applied for five months leave from 1st April 1933 to enable him to proceed to Europe for visiting the clinics in various European countries and studying the latest advances as practised there. The Senior Surgeon recommended that the leave asked for be granted and that in view of the advantages which the State would derive by Mr.Narayana Rao's studies during leave, the actual expenses on account of his passage and trainage may be borne by Government as a special case. In the circumstances stated, I considered that the concessions recommended were not unreasonable and accordingly suggested the grant of the actual expenses incurred by him on account of the following items subject to a maximum limit of Rs.2,000:-

(i) Single first class railway fare to and from Bombay (or other port of embarkation);

(ii) Return first class passage to Europe; and

(iii) Second class railway fare for railway journey in Europe.

The Dewan and the First Member of Council concurred with my recommendation and in view of the urgency of the matter, orders were issued accordingly.

I solicit the gracious approval of His Highness to the action taken.

General Secretary to the Government of Mysore,
Bangalore.

Sir,

I have the honor to forward herewith a copy of D.O. letter of even date received from Mr. B.K. Narayana Rao., B.A., M.B., D.O., Superintendent, Minto Ophthalmic Hospital, Bangalore, requesting the grant of five months' leave on full average salary to enable him to proceed to Europe " for visiting the various European clinics and studying the latest advances as practiced there", and to recommend (1) that the leave applied for by him may kindly be sanctioned at a very early date as he wishes to avail himself of it with effect from 1st April 1933. Considering the value of deputing an officer of Mr. Narayana Rao's experience and attainments to visit the Eye-Hospitals in Europe again, in order to get into touch with the latest advancements in Practical Ophthalmology, I further recommend that he may, (2) as a special case, be allowed the actual expenses incurred for Passage and trainage. I feel sure that on resuming charge after his return from Europe, he will be in a position to advance the reputedly high standard of efficiency in the Minto Ophthalmic Hospital to a higher level, such as would stand comparison with similar Institutions abroad.

I shall submit separate proposals for the posting of another officer as Superintendent of the Hospital during the period of absence of Mr. Narayana Rao on leave.

P.T.O.

I request the favour of early orders.

D.O.No.83 dated 28-2-33 from Dr.B.K.Narayana Rao, Superintendent, Minto Ophthalmic Hospital, Bangalore to theSenior Surgeon.

---

As explained at my personal interview with you yesterday, I request you to kindly grant me five months leave on average salary and recommend to the Government the grant to me of travelling expenses to Europe and back, and such other concessions as you may consider suitable, for the purpose of visiting the various European Clinics and studying the latest advances as practiced there.

I wish to visit mainly the following centers among others namely London and Oxford in England, Paris in France, Barcelona and Madrid in Spain, Berlin and Leipzic in Germany, Vienna and Buda-pesth in Austria, and perhaps Rome. I wish to spend a few days on the return journey in Egypt and study the system of ophthalmic relief as it is considered one of the most efficient in Eastern countries.

I have been in occasional correspondence with several professors and surgeons in many of these places and feel confident of getting ample opportunities for observation and study.

As I wish to avail myself of the leave from the first week of April, I shall feel thankful if my requests are considered favourably and early orders passed to facilitate my making arrangements.
